

### Sum Covered: Market Value at Time of Loss

Your vehicle is covered for its market value at the time of loss. If you have a finance agreement and the payout is higher than the market value, we'll cover the difference up to \$5,000 or 25% of the market value (whichever is greater). Cover ends at midnight on the date your lease finishes.

### Excess: \$1,000 (unless stated otherwise)

An excess applies if you're at fault in a claim. If you're not at fault and the responsible third party is identified, no excess is payable. The claims administrator will determine fault and whether the excess applies.

### Major Exclusions:

- No under 21 drivers, P1 or P2 (provisional drivers)
- Vehicles being driven by any person under the influence of any drug or with a blood alcohol level exceeding the legal limit
- Vehicle being used whilst in an unsafe or unroadworthy condition
- Vehicle engaged in rideshare use, courier or delivery services, pace making, reliability or other trials, rally, race or contest
- Vehicle being driven by any person not legally licensed to do so
- Vehicle is carrying or towing a load in excess of that prescribed by its manufacturer

### Policy Benefits:

- The Excess is not payable where the Applicant is not at fault
- Gap coverage of \$5,000 or 10% (whichever is greater) when the payout figure is greater than the market value
- Cover against loss/or damage to personal items (not otherwise insured) up to a maximum of \$1,000 (conditions do apply)

Free replacement of one damaged front windscreen up to \$1000 for the current period of cover (conditions do apply)

- Reimbursement of costs to repatriate the driver and passengers to their destination or point of departure, whichever is required (conditions do apply)
